

SBA Servizio Bibliotecario di Ateneo

UNICAM LIBRARIES RESOURCES AND SERVICES

SCHOOL OF ADVANCED STUDIES
CAMERINO, 25 FEBRUARY 2015

“The only thing that you
absolutely have to know, is the
location of the library.”

Albert Einstein

Servizio Bibliotecario di Ateneo

AGENDA

- Advanced services to support your information needs
- Key information sources for your area of research
- On and off-site access to collections

UNIVERSITY LIBRARY SYSTEM

- Reference services (collection development, information literacy, interlending and document supply)
- Digital library services (e-resources and e-services)
- Technical library services (acquisitions and metadata management)
- Front-office services (circulation, assistance)
- Support to research output and impact (national research catalogue)

UNIVERSITY LIBRARY SYSTEM

some figures

- Collections and available resources
 - Books and non-book materials – 407000
 - 180000 records in opac
 - Print journals – 5300
 - E-journals via link resolver – 35000
 - Databases – 24
 - Free e-books - 23800
- Services
 - Loans – 16000
 - Interlibrary loans, document supply – 4500
 - Weekly opening hours – 350
 - Seats - 500
 - Workstations - 40

Visite in biblioteca

 **4 febbraio 2014** - Nell'ambito dell'iniziativa Stage in Unicam studenti delle Scuole Secondarie Superiori visiteranno la Biblioteca Giuridica. L'incontro sarà l'occasione per far conoscere la Biblioteca, illustrarne i servizi e le risorse bibliografiche messe a disposizione.

Trial in corso

 **22 gennaio 2014** - Fino al 31 marzo 2015 è attivo l'accesso alla [Lyell Collection](#). La risorsa, che prende il nome dall'eminente geologo del XIX secolo Charles Lyell, offre i principali contenuti pubblicati della Geological Society of London a partire dal 1811. Oltre alle riviste scientifiche, sarà possibile consultare le Special Publications, le Conference Series, i Memoirs ecc. L'accesso è consentito a tutta la rete di Ateneo e dall'esterno previa autenticazione via proxy.

Eventi

 **21 gennaio 2015** - Le Biblioteche di Ateneo partecipano a [Porte Aperte in Unicam](#). Vieni a trovarci giovedì 22 e venerdì 23 gennaio presso il Palazzo Ducale. I bibliotecari Unicam ti illustreranno servizi, ti daranno informazioni sul mondo dei libri e della ricerca bibliografica, attraverso la biblioteca digitale ti accompagneranno alla scoperta di tante risorse in rete e se vorrai, potrai visitare la biblioteca ed andare alla scoperta di piccoli tesori nascosti.

Univ. of Camerino's Opac Search Advanced Search

Search Limited to: All items that contain my query words

What is C@M.SEARCH?
C@M.SEARCH is a new powerful integrated discovery system for research. Via a single search box and a new discovery interface, you can search across the Online Catalogue (OPAC), databases, electronic journals, full-text articles, e-books, free online resources. Signing in you can also access and use the customised services provided by the OPAC.

Servizio Bibliotecario di Ateneo

Some tips

- Univ. Camerino' Opac (Online Public Access Catalogue)
 - a book, or a journal is available in the library's holdings
 - the book can be borrowed
 - the book is on shelf
 - what the library holds on a specific subject
 - some journals: if an electronic version is also available and where
- Online resources
 - journal articles
 - texts (e-journals, e-books, reviews, legal documents)
 - images and videos
 - institutional repository which collects PhD theses and some other documents produced by Unicam affiliates
 - open access documents
 - citations
 - free online resources (i.e.: Wikipedia)

How to get the document

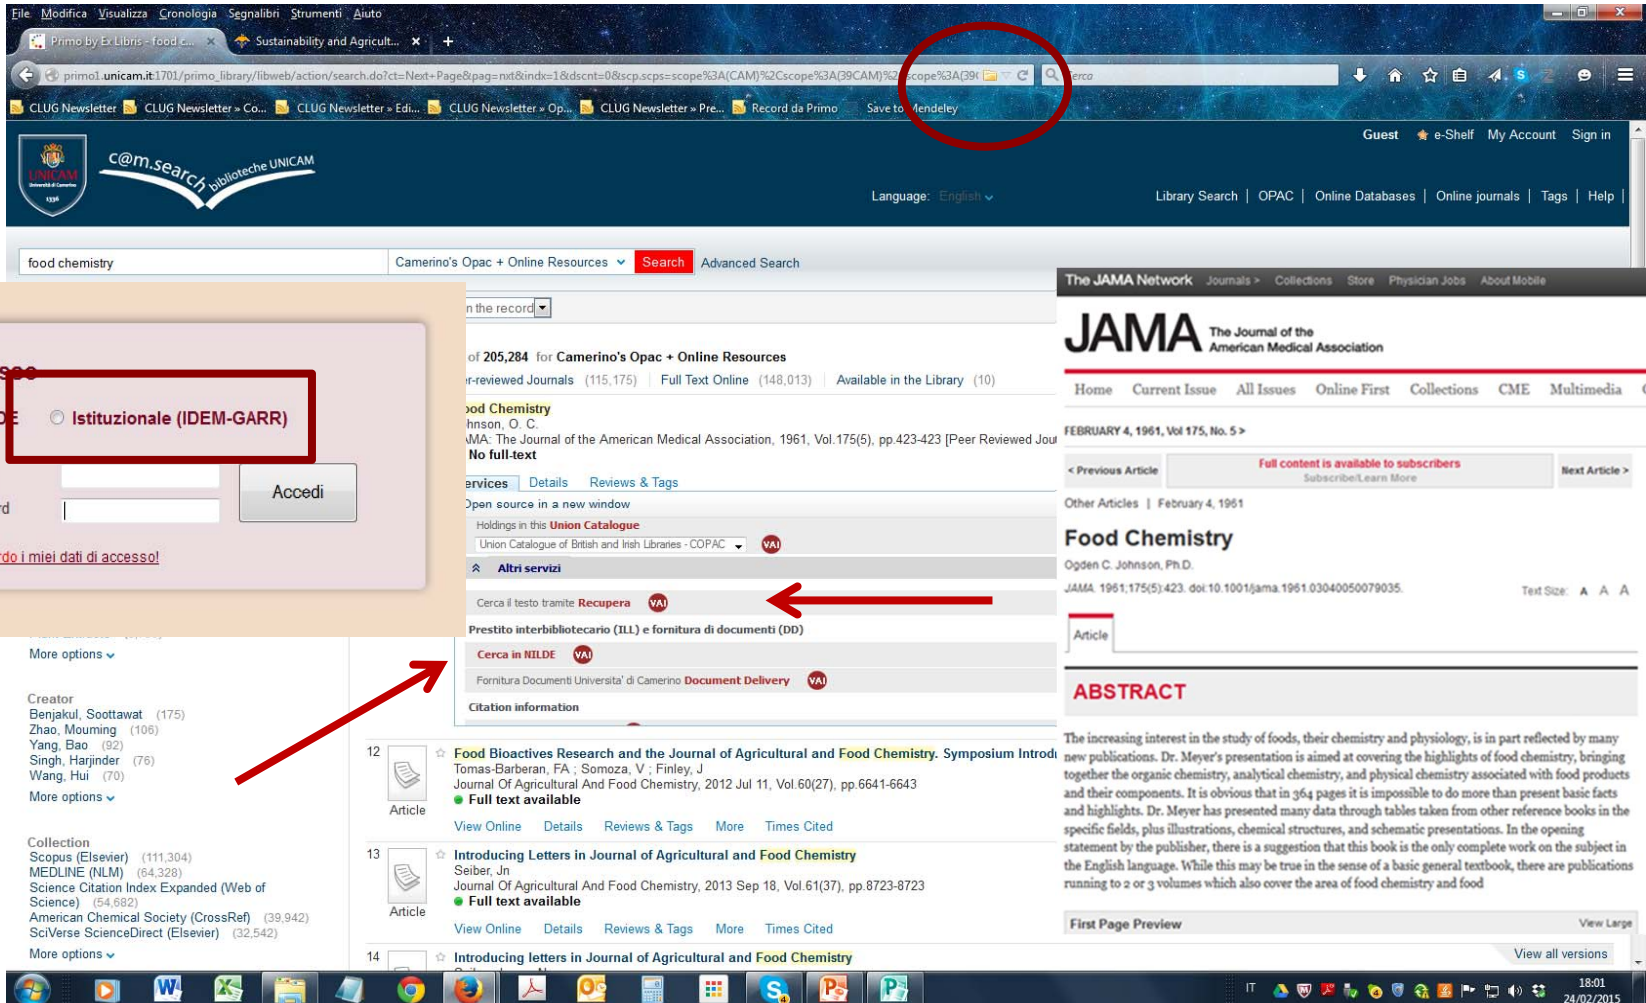

The screenshot shows a Primo search results page for the query "Journal of Agricultural and Food Chemistry, 2011 Jan 12, Vol.59(1), pp.1-2". The page displays search filters on the left (Resource Type, Language) and a list of results on the right. Two red arrows highlight the "Accesso al documento" (Document Access) section for the first two results.

Result 1: Journal of Agricultural and Food Chemistry, 2011 Jan 12, Vol.59(1), pp.1-2. Full text available. The "Accesso al documento" section shows the document is available through American Chemical Society Journals, with a link to the full text.

Result 2: Journal of Agricultural and Food Chemistry, 2013 Feb 27, Vol.61(8), pp.1599-1603. The "Accesso al documento" section shows the document is available through American Chemical Society Journals, with a link to the full text.

The page also includes a sidebar with "ACS Publications" and "Journal of Agricultural and Food Chemistry" logos, and a "Tools" section with options like "Add to Favorites", "Download Citation", and "Order Reprints".

How to get the document

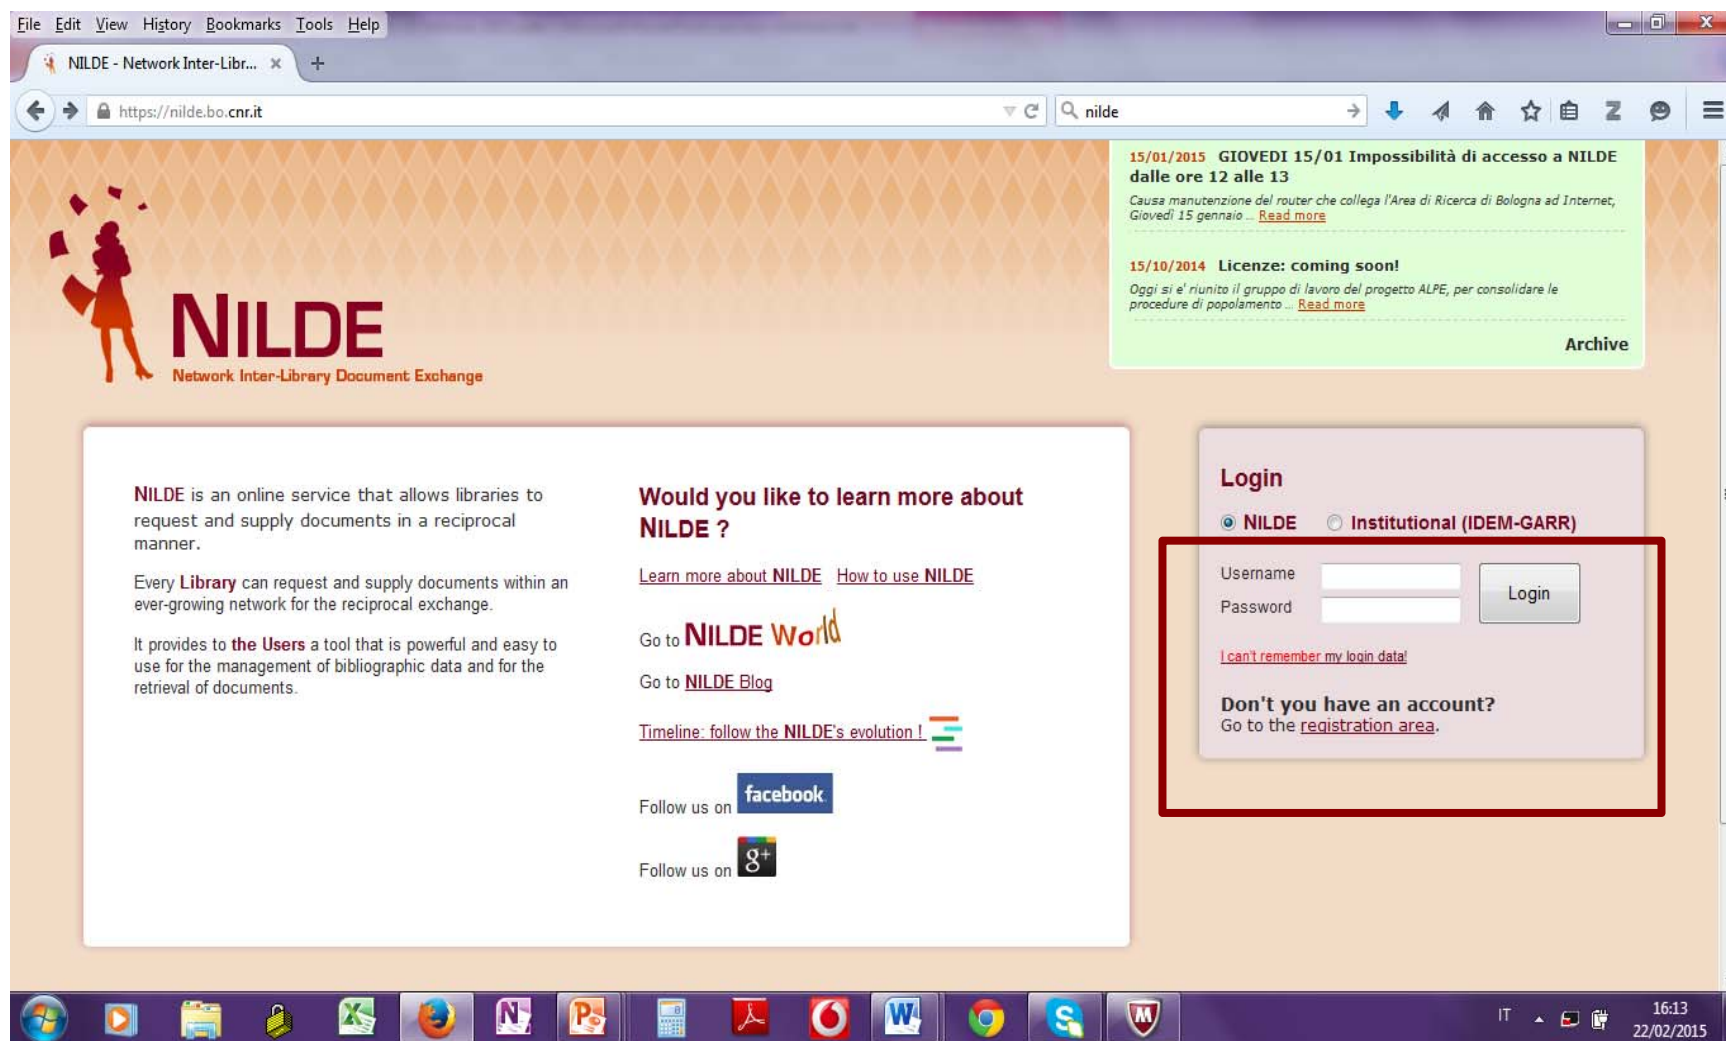

The screenshot shows the UNICAM library website interface. The search bar at the top contains the text "food chemistry". Below the search bar, the results show a list of documents. The first document is "Food Bioactives Research and the Journal of Agricultural and Food Chemistry. Symposium Intro..." by Tomas-Barberan, FA; Somoza, V; Finley, J. The second document is "Introducing Letters in Journal of Agricultural and Food Chemistry" by Seiber, Jn. The third document is "Introducing letters in Journal of Agricultural and Food Chemistry".

On the right side of the screen, there is a preview of a JAMA article titled "Food Chemistry" by Ogden C. Johnson, Ph.D. The article is from JAMA, 1961;175(5):423. doi:10.1001/jama.1961.03040050079035.

Annotations on the image include:

- A red circle around the search bar.
- A red box around the "Accesso" login options, which include "NILDE" (selected) and "Istituzionale (IDEM-GARR)".
- A red arrow pointing to the "Recupera" link under "Altri servizi".
- A red arrow pointing to the "Document Delivery" link under "Fornitura Documenti Universita' di Camerino".

NILDE is an online service that allows libraries to request and supply documents in a reciprocal manner.

Every **Library** can request and supply documents within an ever-growing network for the reciprocal exchange.

It provides to **the Users** a tool that is powerful and easy to use for the management of bibliographic data and for the retrieval of documents.

MyNilde: advantages

- You can log on and use the service anywhere
- No ID and password to remember, just your Unicam account
- [c@m.search](#) can send bibliographic data automatically to Nilde, i.e. your request directly to your library
- Some of the most common databases (PubMed, Scopus, Web of Science etc.) do the same
- You can check your request status anytime and get a feedback by e-mail
- All your requests are recorded and can be tagged

Citation Management Tools

- Import citations from databases, websites, and library catalogues
- Manage, categorize, and organize citations
- Create and format bibliographies in most output styles (e.g., AMA, MLA, Chicago etc.)
- Attach pdf's, images, etc. to citations in your collection
- Write notes and annotate pdf's attached to your citations
- [c@m.search](#) works with Zotero

Example from c@m.search

The screenshot shows a web browser window displaying a Primo search results page. The address bar shows the URL: `primo1.unicam.it:1701/primo_library/libweb/action/search.do?ct=Next+Page&pag=nxt&indx=1&dscnt=0&scp.scps=scope%3A(CAI)`. A red circle highlights the search bar area. The page content includes a sidebar with 'Journal Title' (Annals Of The Rheumatic Diseases (55), Arthritis And Rheumatism (60), Blood (38), Cancer (21), Clinical Orthopaedics and Related Research (760)) and 'Suggested New Searches' (by this author/creator: Sugano, N, Ohzono, K, Hernigou, P, Steinberg, M E, Takaoka, K; on this subject: Osteonecrosis, Humans, Avascular Necrosis, Femur Head Necrosis, Male). The main content area shows a list of search results, including 'Avascular necrosis' and 'In brief: Ficat classification: Avascular necrosis of the fem...'. A 'Select Items' dialog box is open in the foreground, titled 'Select Items', with the subtitle 'Select which items you'd like to add to your library'. The dialog box contains a list of items with checkboxes: 'avascular necrosis', 'avascular necrosis', 'Avascular necrosis' (checked), 'Avascular Necrosis', 'In brief: Ficat classification: Avascular necrosis of the fem...' (checked), 'Vascularized bone grafting in a canine carpal avascular ne...', 'Treatment for avascular necrosis of bone in people with si...' (checked), and 'Treatment for avascular necrosis of bone in people with si...'. The dialog box has 'Select All', 'Deselect All', 'OK', and 'Cancel' buttons. The background page shows a search bar with the text 'Cerca il testo tramite Recupera VAI' and a list of search results with 'View all versions' links.

Web of science

The screenshot displays the Web of Science interface. At the top, there's a navigation bar with links like 'Web of Science™', 'InCites™', 'Journal Citation Reports®', 'Essential Science Indicators™', and 'EndNote®'. The main header features the 'WEB OF SCIENCE™' logo and the 'THOMSON REUTERS™' logo.

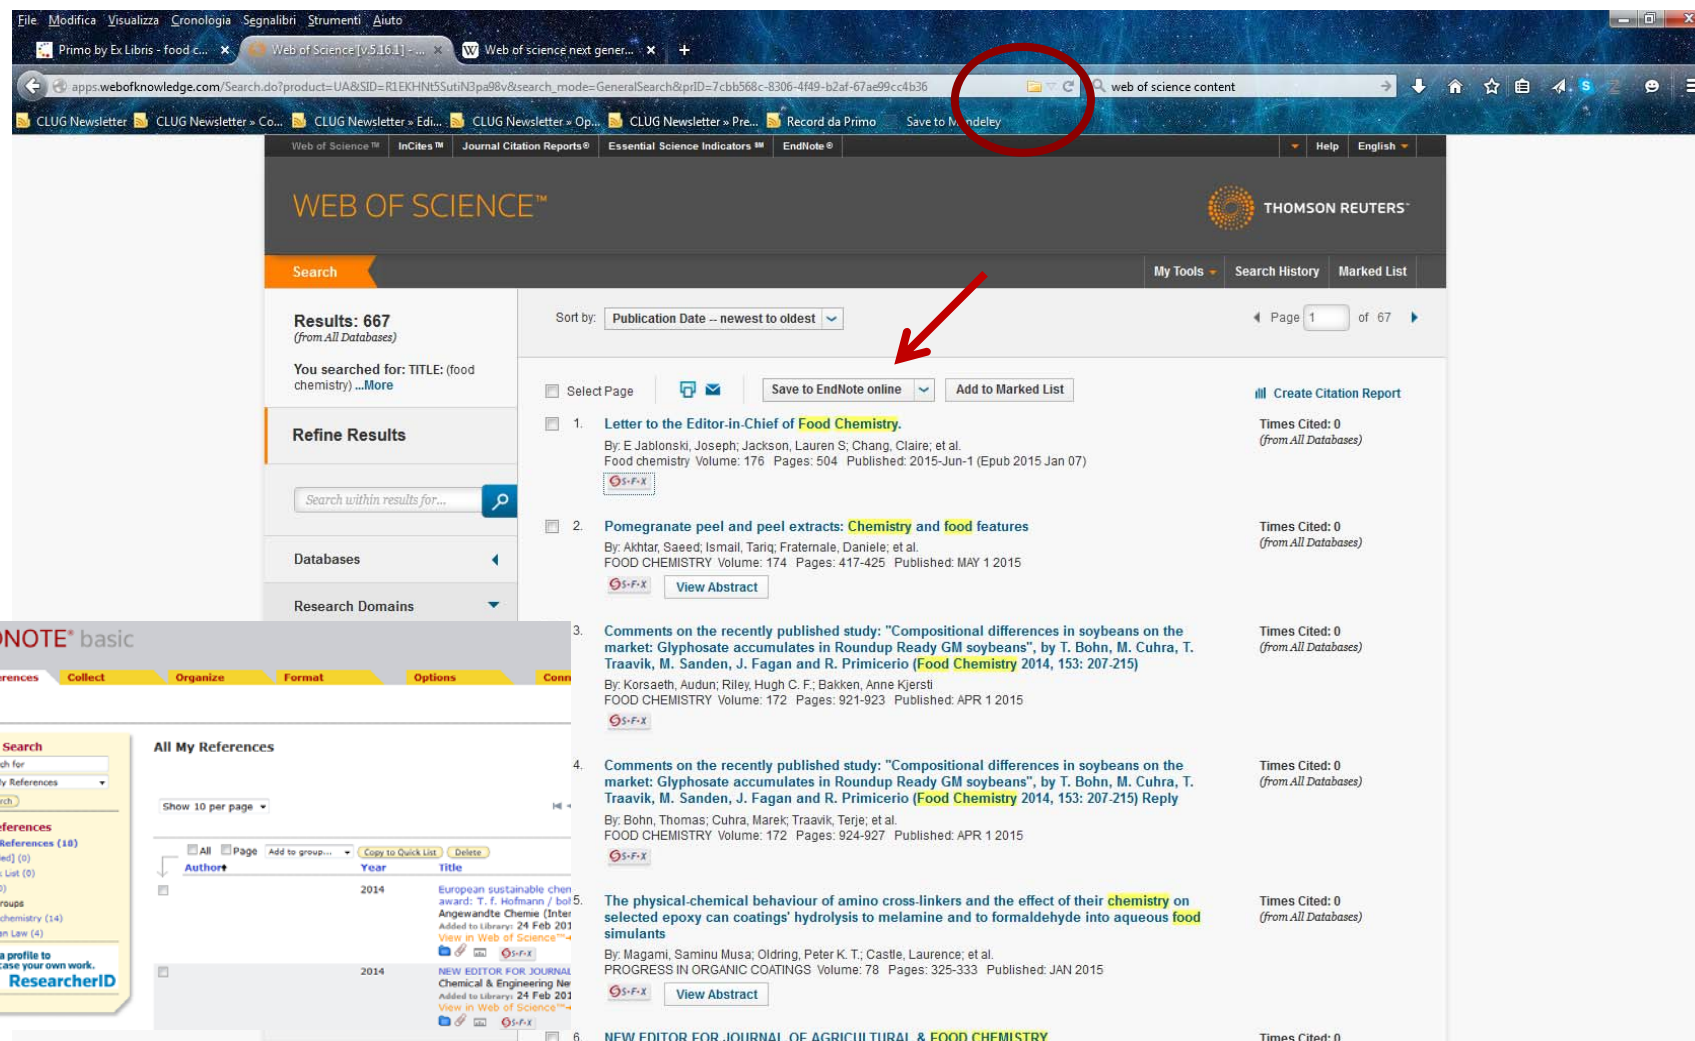

The search interface includes a 'Search' button and a dropdown menu for 'All Databases'. The dropdown menu lists several databases: 'All Databases', 'Web of Science™ Core Collection', 'BIOSIS Citation Index™', 'Current Contents Connect®', 'Data Citation Index™', 'Derwent Innovations Index™', 'KCI-Korean Journal Database', 'MEDLINE®', 'SciELO Citation Index', and 'Zoological Record®'. A red arrow points to the 'EndNote®' option in the dropdown menu.

Below the search bar, there's a 'Basic Search' section with a search input field containing 'food chemistry'. To the right of the search input, there's a 'Topic' dropdown menu. Below the search input, there's a 'TIMESPAN' section with a radio button for 'All years' and a 'From' field set to '1950' and a 'to' field set to '2015'. A 'MORE SETTINGS' link is also present.

On the right side of the interface, there's a 'My Tools' dropdown menu with options: 'Saved Searches & Alerts', 'EndNote®', 'Customize EndNote®', 'Add EndNote® Administrator', 'ResearcherID', and 'Usage Reports'. A red arrow points to the 'EndNote®' option in this menu.

At the bottom of the interface, there's a footer section with links: 'Customer Feedback & Support', 'Additional Resources', 'What's New in Web of Science?', and 'My Web of Science'. A blue banner at the bottom says 'Get a first look at 2015 developments and key integrations.' with a 'Learn more' link. The footer also includes the 'CASPUR' logo and a 'Like' button.

Google Scholar

- Google Scholar is a freely accessible web search engine
- indexes the full text or metadata of scholarly literature across an array of publishing formats and disciplines
- The Google Scholar index includes most peer-reviewed online journals of Europe and America's largest scholarly publishers, plus scholarly books and other non-peer reviewed journals
- Released in beta in November 2004
- Third-party researchers estimated it to contain roughly 160 million documents as of May 2014

Wikipedia, February 2015

Google Scholar

The screenshot shows a Google Scholar search for "food chemistry" with approximately 2,720,000 results. The left sidebar contains filters for articles, date ranges, and sorting options. The main results list includes several entries, with the first one highlighted by a red circle and a red double-headed arrow pointing to the right. The right sidebar shows the ExLibris interface with various services and citation information.

Off-campus access to e-resources

- License agreements for most of the Library's electronic resources permit access from off-campus
- Only currently-enrolled Unicam students, staff, faculty and other affiliated users
- Before gaining access to these resources, users must
 - configure their browsers to gain access through a proxy server to Unicam Ips range
 - instructions can be found at [Accesso da rete esterna](#)
 - log in with a Unicam username and password
- If you have forgotten your username or password, contact CINFO by calling (0737 402113) or send an e-mail to cinfo@unicam.it

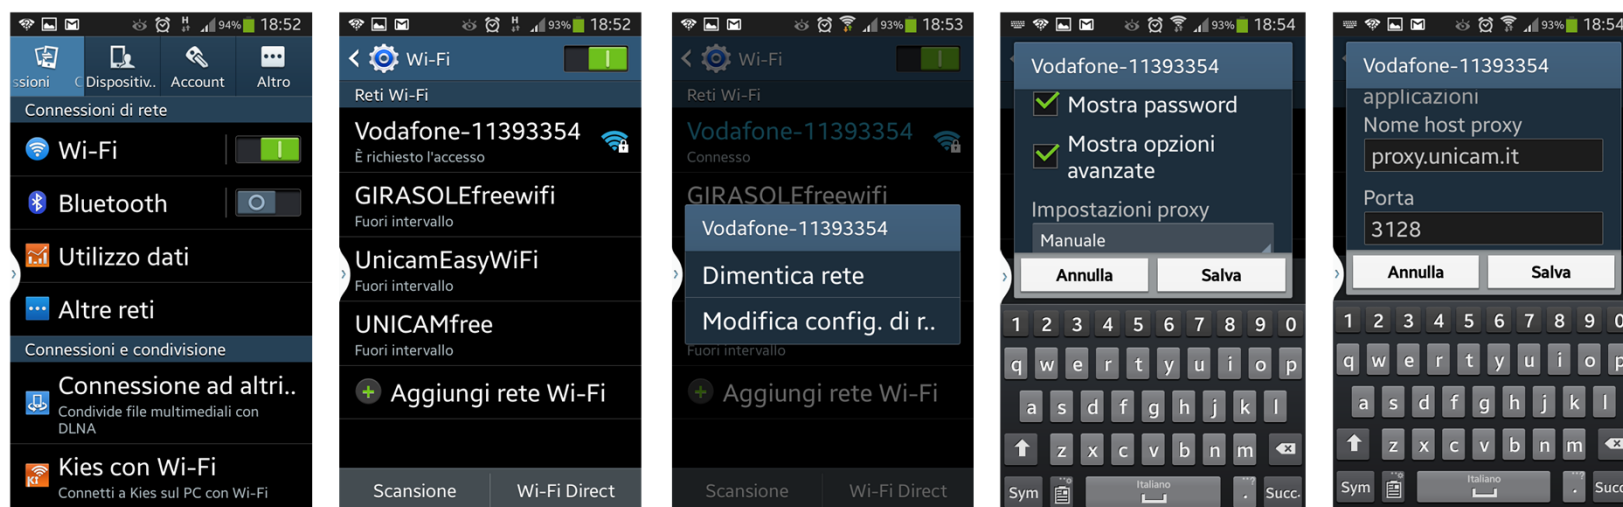

Unicam proxy server

- Library website → Risorse elettroniche → Informazioni – Accesso da rete esterna
- Unicam proxy server is the **only** way to access restricted library resources
 - Server: proxy.unicam.it or 193.204.8.28
 - Port: 3128
- Unicam's VPN (Virtual Private Network) service does not provide off-campus access to e-resources, but only to a desktop within Unicam IP's range and other specific services

RESEARCH ARTICLE

Crimes against Humanity: The Role of International Courts

Éder Milton Schneider, José Roberto Iglesias, Karen Hallberg, Marcelo Néstor Kuperman

Abstract

We study the role of international tribunals, like the International Criminal Court (ICC), as an effective way of reducing the number and/or gravity of crimes against humanity. The action of the ICC is directed against leaders that promote or tolerate these kinds of crimes, that is, political authorities, army

Risorse elettroniche

Con l'obiettivo di fornire un'informazione semplice, rapida e completa e in un quadro di razionalizzazione e di sviluppo delle collezioni utili per la ricerca e la didattica sono qui raccolte le risorse elettroniche a disposizione degli utenti dell'Università di Camerino. Da questa pagina si può:

- accedere al sistema integrato per la ricerca bibliografica [c@m.search](#) che permette di interrogare in contemporanea il catalogo di Ateneo, banche dati, riviste elettroniche, e-book, l'archivio istituzionale di Ateneo e risorse ad accesso gratuito
- navigare fra le [banche dati](#) in dotazione, le riviste elettroniche in abbonamento ed gli e-book dalla [A alla Z](#)
- accedere alla pagina dell'[Emeroteca Virtuale](#) come opzione alternativa di ricerca
- scaricare articoli e li a testo pieno
- utilizzare [cerca la citazione](#) che a partire da una citazione bibliografica permette di scoprire i servizi associati a quel documento
- collegarsi all' [Archivio istituzionale eCUM](#) delle Università di Camerino e Macerata dove sono raccolte tesi di dottorato e materiali scientifici in open access
- usufruire del servizio di reference elettronico [chiedi al bibliotecario](#) per ricerche e informazioni bibliografiche
- utilizzare il portale del [Virtual Reference Desk](#) per interrogare risorse gratuite
- essere informati dei [trial](#) disponibili e degli aggiornamenti delle banche dati.

Tutti gli utenti autorizzati accedono anche dall'esterno mediante utilizzo di indirizzi IP istituzionali o mediante username e password nei casi che lo prevedano (vedi al menu' Informazioni: [Accesso da rete esterna](#)).
